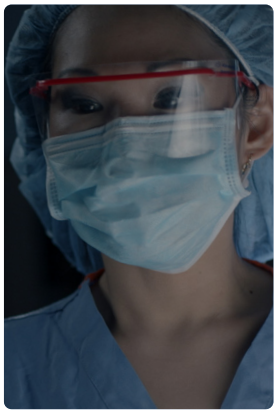
A REMARKABLE WORKHORSE

Tested to Cat phones’ demanding rugged standards, the Cat S42 H+ can handle itself in any environment you throw yourself into. To acheive its IP68, IP69 and MIL SPEC 810H ratings it surpasses rigourous dust and waterproof testing. Integrated in a non-slip resiliant casing we’ve drop tested the Cat S42 H+ onto every side and corner, repeatedly.

UTTERLY DEPENDABLE

Faster connectivity, a better camera, and more memory. With extended battery life, and a big bright screen you can read in full sunlight. It has a touchscreen that works with gloves on, and of course it’s drop-proof. Giving the protection and reliability you can expect from our Cat rugged credentials.



A PHONE THAT WORKS FOR YOU

Designed for those who require more from their smartphone. The Cat S42 H+ blends a rugged phone with antimicrobial silver ions. Making it the perfect choice whether you work in a hygienic conscious environment or in the harshest of conditions.
The S42 H+ is the perfect companion.

FIGHT DIRTY. STAY CLEAN

We have taken our dependable and durable Cat S42 H+ smartphone, and injected its military grade body with Addmaster’s Biomaster silver ions to help fight bacteria to the ISO 22196 standard. Combined with the ability to regularly clean and sanitize the device, this antimicrobial treatment sets a new standard in hygienic phone design.

This product is treated with Biomaster silver biocide tested to ISO 22196:2011
Please use biocides responsibly
